600mm ———

Our electric range cookers feature independently controlled temperature settings and ESSE's power share system optimises performance to ensure all the elements work together in harmony whether a single hotplate or the whole cooker is in use.

The slumber mode oven and hotplate temperature pre-sets maintain economical power usage, shortening heat-up times prior to cooking and our 1000 models include a programmable timer for the ultimate in efficiency and control.

The high thermal mass of ESSE electric ovens provides a stable temperature and the oven surfaces are heated by our unique patented surround element technology.

This means temperatures are consistent throughout the space, so there's no need to turn dishes during cooking and they can even be placed directly on the base of the oven to cook.

Use the cast iron hotplate for boiling and frying, lower the temperature for simmering and griddling direct on the hob and when you need hot water in a hurry, the induction zone brings a panful to the boil almost instantly.

With no flue required an ESSE electric range cooker can be positioned in a location of your choice with standard power sockets.

And while you're preparing a meal your ESSE is also ensuring the kitchen remains warm and welcoming at all times.

ESSE'S UNIQUE SURROUND HEAT CREATES

A MORE EVEN TEMPERATURE

PRODUCING

EVEN BETTER

ESSE's 1000 T range cooker is the traditional kitchen star – whatever the recipe and however many guests.

The 1000 T incorporates two independently controlled ovens, a full-width integrated grill in the top right oven, a temperatureset slow cooking oven and an induction hob alongside a cast iron hotplate and – with no flue required – this clever cooker will fit anywhere.

A programmable timer with countdown and temperature presets takes care of everything from the perfect soft-boiled egg for breakfast to cooking the Sunday roast.

The lower left oven is ideal for warming the plates for dinner or leaving a dish overnight for that delicious slow-cooked succulence.

Independent steam vents on top of the cooker allow humid ovens for baking and steaming and, when opened, allow that steam to escape for perfectly crisp roast potatoes.

- 1 Induction zone
- Cast iron hob
- 3 Control panel
- 42ltr electric oven and full-width grill
- 5 Slow cook oven
- 6 30ltr electric oven
- Runs on 2 x 13AMP sockets

600 T ELECTRIC RANGE COOKER

A compact electric range cooker that fits comfortably in any size kitchen.

Comprising separate top and bottom ovens, a full-width grill and a generous cast iron hotplate accommodating multiple pans, the 600 T delivers the plug in and cook flexibility of a modern cooker with all the style and elegance of an ESSE.

The 600 T slots easily into the space reserved for a standard cooker, providing the beauty of a cast iron stove with the amazing roasting and baking qualities of an ESSE range.

The dials for ovens, grill and hob are neatly housed in a stand alone external control panel which can be free standing or wall-mounted.

- Control panel
- 2 Cast iron hotplate
- 3 42ltr electric oven and full-width grill
- 30ltr electric oven
- 5 runs on 1 x 13AMP socket

1000 X

This electric range cooker features the same independent ovens and grill with concealed control panel as the popular 1000 T yet gives owners a little e'X'tra capacity for entertaining.

With double the hob space, the contemporary 1000 X provides additional room for creative cooking and simple three pot wonders.

The three induction zone with cast iron plate combination and striking large lids are designed with the committed cook in mind.

The heat-conserving rectangular lids are beautifully engineered for easy lifting and feature an elegant recessed drop hinge a feature first used on ESSEs in the 1950s. When the cooker is in use the lids double up as a splashback.

From melt-in-the-mouth meringues and slow-cooked stews to deliciously crispy roast potatoes or a full English breakfast for 12, the 1000 X is a true all-rounder; a modern classic that's ready to plug in and go to work in any setting.

Indulge your inner interior designer

When you place an ESSE at the heart of your kitchen, choosing the ideal colour is key.

Strike the perfect tone from our choice of six of the best range cooker colours – ranging from the timeless Black and Cream to Sage and dramatic Pepper.

Since the early 1900s ESSE cookers have been available in hard wearing colour finishes skilfully applied by hand in our factory.

INCREASE CAPACITY

Match up a 600 with a 1000 to give more capacity.

600 T & 1000 T

Colour: Pepper

EXTRACTION HOODS

Compatible with flueless electric cookers, our hoods 'draw' the air through their easy-clean filters, neutralising unwanted odours and vapours.

With a choice of four settings, our hoods deliver a maximum extraction rate of 1000m³/hr. For maximum convenience, they can be operated manually or by using a 10 minute auto-programme.

NB: We are constantly developing and improving our products and we reserve the right to alter specifications without prior notice. COOK1021. Due to the limitations of the printing process, it is not possible to replicate cooker colours exactly as shown in our printed material. But trust us, they're better in person.

TECHNICAL SPECIFICATIONS

= ELECTRIC MODEL TEST METHOD =

In a controlled factory environment maintaining an average room temperature of 15°C the cooker is run at slumber for 1hr. All controls are turned up to full and within 1hr, full temperature on all cooking zones are reached. It is then run for a further 1hr, to simulate cooking.

The cooker is then returned to slumber for a remainder of 24hrs. Temperature measurements are taken every second and power readings taken at key points. Heat up to max + 1hr cooking = 5kW in 2hrs. The cooker runs at less than 2kW/hr once at max temp.

TRIED AND TESTED

- 1854 National hero and pioneer of modern nursing, FLORENCE NIGHTINGALE, was passionate about ESSE cookers and would use no other brand at her field hospital. in Balaclava during the CRIMEAN WAR.
- 1909 Explorer SIR ERNEST SHACKLETON relied upon an ESSE cooker to provide hot food and warmth to his shore party during his British ANTARCTIC EXPEDITION. The ESSE 'Mrs Sam' stove still stands in Shackleton's base hut at Cape Royds.
- **1985** ESSE makes its big screen debut appearing alongside SIR ROGER MOORE as JAMES BOND in AView To Kill'.
- 2019 And today, ESSE stoves provide heat on HRH PRINCE CHARLES'S estate at Dumfries House in Ayrshire and they are counted on to provide delicious food in Hugh Fearnley-Whittingstall's RIVER COTTAGE kitchens.
